Hawkeye Community College under the Postsecondary Enrollment Options Act for the _____

school year. We have reviewed the program information and guidelines published and agree that:

1. The student is eligible for program participation.
2. The student will earn the equivalent of a high school credit for each 3-semester hours of college credit successfully completed.
3. The credit earned as an elective shall count toward the graduation requirements and subject area requirements of the School District. The course and grade will be recorded on the permanent record, but will not be included in the GPA or class rank (Waterloo Community School District).
4. The School District will pay up to \$250 per course, directly to the postsecondary institution. There will be no charge to the student for tuition, textbooks, materials or fees.
5. The student and parent/guardian will pay for transportation and may be required to purchase equipment that becomes the property of the student.
6. If a student withdraws from a class after the allotted time for tuition refunds, the student and parent/guardian will be responsible to the School District for incurred expenses. In the event a student withdraws at a time when a partial refund is allowed, the student and parent/guardian will be responsible to the School District for the remainder owed on the incurred expenses. If a student fails the course, the student will become responsible to the School District for incurred expenses for the course.
7. The student shall consult with the appropriate school counselor or administrator prior to enrolling in or withdrawing from a scheduled PSEO class.
8. Postsecondary institutions will provide grade reports to the School District.
9. The guidelines and conditions for participation in the program are understood and acceptable.

281—IAC 22.3 requires that a student who anticipates enrollment under the Postsecondary Enrollment Act must inform the school district of the intent to participate and that the school district shall inform their students of the availability of the opportunity provided by the Act.

281—IAC 22.6 requires the pupil, if over eighteen years of age, or pupil's parent, guardian, or custodian to reimburse the school district for all costs directly related to all incomplete and non-credit course work. An eligible postsecondary institution should make pro-rata adjustments to tuition reimbursement based upon federal guidelines established pursuant to 20 U.S.C. § 1091b.

We have received the information required by 281—IAC 22.3 and 281—IAC 22.6 and are aware that the above named student is enrolling in postsecondary courses.
